Meet Mrs. Harper

My name is Megan Harper and I will be teaching 4th and 5th grade Reading with Ms. Sartin for the remainder of the school year at Woodlands. I am very excited to work with you to create a positive, productive learning environment for your child.

My academic background focused on child psychology in addition to my teaching certification. I am excited to use this knowledge and my passion for teaching to help your student succeed. Currently in class, we are emphasizing the importance of respectfulness, responsibility, and safety as we establish routines and procedures. I have already enjoyed a couple days getting to know the students and feel that we can finish out the school year strong. We plan to get started in the reading curriculum this coming week. It is my desire to foster small group work in the classroom as the students take an active role in their learning.

Please stop by Room 304 and introduce yourself! I look forward to meeting you all!
